**SABRE**  
 SABRE is the acronym for Science - Accelerated math – Based – Research Program. SABRE courses emphasize critical thinking skills and high order thinking. SABRE students receive consistent, attentive counseling, and parent involvement is required. SABRE programs work in partnership with related business and industry. SABRE provides qualified students with a rigorous curriculum in preparation for science, math, medicine or engineering programs at the university level. Students are enrolled in honors and advanced placement math and science courses and supervised research. Many students participate in summer institutes.
